**E. DEAN'S celebrated Chemical
 Plaster.**

FOR Rheumatism, Pains, Sprains, Swellings,
 Inflammation in the eye, Burns, Scalds,
 Throat in Scarlet Fever, Quinsy, &c.
 TO THE PUBLIC.

To whom it may concern.—This may certify,
 that I, E. DEAN, the proprietor of E.
 Dean's Chemical Plaster, have for more than two
 years been in a delicate state of health, so that I
 have been unable to prepare and circulate the
 plaster to that extent which the interest of the
 suffering community demands; and feeling that
 so valuable an article ought to be made known to
 the afflicted, I have made arrangements with H.
 Harris & Co., of Ashtabula, Ohio, to manufacture
 and vend it in my name as my sole successors.
 This, therefore, may be relied on as the genuine
 article heretofore prepared by me. As witness
 my hand.
 ERASTUS DEAN.
 Westfield, Chautauque Co., N. Y., Jan. 1, 1839

The Chemical Plaster is an important remedy,
 to all those who are afflicted with inflammatory
 complaints by its easy use, counteracting in-
 flammation, and giving speedy relief, by its ac-
 tive strengthening and sudorific properties. An ef-
 fectual remedy for inflammatory rheumatism, ague
 in the breast, erysipelas, burns, scalds, erys-
 ipelas, ulcers of almost every description, cankered
 and swollen throat arising from scarlet fever, fel-
 lony, white swellings, chilblains, &c. Persons
 suffering from liver complaints, pulmonary dis-
 eases, inflammation of the lungs, with pains in the
 side and breast, pain and weakness in the back,
 will find relief. In all cases it may be used with
 safety.

The Plaster is now put up in boxes at 50
 cents and 1 dollar each.

Made and sold, wholesale and retail, by H.
 HARRIS & Co., Ashtabula, Ohio, sole proprie-
 tors.—None genuine unless signed by H. Harris
 on the wrapper.

TESTIMONIALS.

Messrs. Harris & Co.—Sirs: Since I was at
 your store in July last, I have used E. Dean's
 Chemical Plaster, which I have received from
 you at different times, and feel myself in duty
 bound to you as proprietors, and to the public
 generally, to recommend the same as a safe and
 efficacious remedy for those complaints for which
 it is recommended. I have used it in several cases
 of inflamed eyes, in some of which its effects as a
 curative have been decided, and in no case has it
 failed of giving relief where it has been applied
 according to directions, and all who have used it
 are perfectly satisfied with it so far as I know. I
 have also applied it in some severe cases of ague
 in the breast with the happiest effects.

I would also relate the case of Mr. Thomas
 Logan, who has been afflicted with the rheumatism
 in one hip for thirteen years, so that he had
 been compelled to abandon labor, in a great mea-
 sure. I let him have a box of the Plaster, he
 applied it, and for three days found, as he sup-
 posed, no benefit, but after that he perceived that
 the pain was not so severe, and in less than two
 weeks he could labor hard all day and rest free
 from pain at night. He says he would not part
 with the box he has for three hundred dollars,
 providing he could not obtain another. He also
 says to me, keep it on hand and recommend it
 wherever you go.

I have used the Plaster in cases of pains in the
 side, back, shoulders, &c. with like good effect.

Yours, &c. DANIEL KNEELAND, M.D.

MOORE, June 18, 1839.

Messrs. Harris & Co.—Sirs: I have used E.
 Dean's Chemical Plaster for four years past and
 do cheerfully recommend it to physicians and the
 public generally as an invaluable remedy in chronic
 and acute rheumatism, sprains of the wrist,
 ankle, shoulder, &c. In felons, whitlow and
 scrofulous swellings of all descriptions, it is gen-
 erally an effectual remedy. In short, wherever
 there is pain, it is almost sure to give relief in a
 few hours. I have used it in a great number of
 rheumatic affections. One of my patients aged
 40, full habit, had a rheumatic swelling on one
 leg. He had been unable to get out of the house
 for three months; his leg was swollen to an enor-
 mous size, twice its usual bulk; every thing
 had been done without success, until we com-
 menced using Dean's Chemical Plaster. We
 enveloped the knee and a portion of the limb in
 the Plaster, and in three days the swelling entirely
 disappeared, and in ten days he went about his
 ordinary business. Such has been our success
 with the article, and we now willingly recom-
 mend it to the public for a trial.

Yours, &c. J. H. REYNOLDS, M. D.

Hay's Liniment.

NO FICTION.—This extraordinary chemical
 composition, the result of science and the
 invention of a celebrated medical man, the intro-
 duction of which to the public was invested with
 the solemnity of a death bed bequest, has since
 gained a reputation unparalleled, fully sustaining
 the correctness of the lamented Dr. Gridley's last
 confession, that "he dared not die without giving
 to posterity the benefit of his knowledge on this
 subject," and he therefore bequeathed to his
 friend and attendant Solomon Hays the secret of
 his discovery.

It is now used in the principal hospitals, and
 the private practice in every country, first and most
 certainly, for the cure of the Piles, and also so
 extensively and effectually as to baffle credulity,
 unless where its effects are witnessed. Externally
 in the following complaints:

For Dropsy.—Creating extraordinary absorption
 at once.

All swellings.—Reducing them in a few hours.

Rheumatism.—Acute or Chronic, giving quick
 ease.

Sore Throat.—By cankers, ulcers or colds.

Croup and Whooping Cough.—Externally,
 and over the chest.

All bruises, sprains and burns, curing in a few
 hours.

Sores and Ulcers.—Whether fresh or long stand-
 ing, and fever sores.

Its operations upon adults and children in re-
 ducing rheumatic swellings, and loosening coughs
 and tightness of the chest by relaxation of the
 parts, has been surprising beyond description.—
 The common remark of those who have used it in
 the Piles, is "It acts like a charm."

For sale by E. Dewey, Apothecary's Hall, and
 S. Sawyer, Dearborn street Chicago.

LOOKOUT FOR IMITATION.

A base attempt has been made to imitate Hay's
 Liniment, and infringe upon the copy and other
 rights of the proprietors. Never buy Hay's Liniment
 unless it has a splendid engraved wrapper, and
 the written, mind written signature of com-
 stock & Co.

All others must be imitations. Any person ven-
 ding any other article, by the name of Hay's Liniment,
 either at wholesale or retail, will be prosecuted
 for a violation of our copy right. The oath
 of Mr. Hays may be found copied on our inside
 wrapper, swearing that no other person knows
 any of the composition or essential parts of this Liniment—
 and that he will not reveal the secret for
 twenty years.

Oldridge's Balm of Columbia.

THIS balm was first introduced into the New
 York market about 20 years since, and from
 its superior virtues in re-producing hair when it
 had fallen out, keeping the head free from dandruff,
 (a most loathsome article on a gentleman's
 coat collar,) and giving a softness and beautiful
 lustre unknown before to the hair, has induced
 some persons to get up and advertise many other
 articles for the same purpose, none of which stand
 the test of trial, professing as most of them do,
 to be of various kinds, all of which are positive-
 ly injurious to the human hair. Let none be de-
 ceived, no other article will make the hair grow
 rapidly and of a good quality; but the Balm of
 Columbia, and no article purporting to be the
 Balm of Columbia is genuine without the name
 Comstock & Co. on the outside wrapper. Some
 have been deceived and obtained a counterfeit ar-
 ticle for the true and genuine Balm of Columbia.
 Remember to look for the name of Comstock &
 Co., on the wrapper, before you purchase, and get
 none but the genuine. Don't be deceived with
 the assurance that any without the name of Com-
 stock & Co., is made in the same way and is just
 as good, all such pretensions are false and known
 to be so by the counterfeits.

Sold wholesale and retail, only at No. 2, Flet-
 cher street, N. Y. by COMESTOCK & CO., and by
 nearly every storekeeper throughout America.

Hay's Liniment.

THE only true and genuine receipt, and so de-
 clared by the oath of Mr. Solomon Hays, has
 never been made known to any person or persons
 except to Messrs. Comstock & Co., and they only
 have the right to prepare the said genuine Liniment,
 which has established a reputation for effectually
 curing the Piles in every case, and in all the
 various stages of the complaint; also, Rheumatism,
 Sore Throat, Sprains, Bruises, Sores and Ulcers
 of long standing. All who have ever used it are
 highly pleased with its beneficial effects, and all
 who are in need of cures for any of the
 complaints mentioned, are respectfully requested
 to ask any one who ever used it. And we refer
 with confidence to all who know of the article,
 and especially to Matthew J. Myers, Esq., Athens,
 N. Y., and Gen. Duff Green, late of Washington
 City, all of whom speak in the strongest terms
 and with the fullest confidence from personal ap-
 plication and knowledge of its positive and never-
 failing cures.

LOOK OUT!

Some swindlers have counterfeited this article,
 and put it up with various devices. Do not be
 imposed upon. One thing only will protect you—
 it is the name of Comstock & Co., that name
 must always be on the wrapper, or you are cheated.
 Do not forget it. Take this direction with
 you, and test by that, or never buy; for it is im-
 possible for any other to be true or genuine.

 Pulmonary Diseases, cured by JAYNE'S EX-
 PECTORANT, and Summer Complaints, Chol-
 era, Morbus, Dysentery, and all the
 various affections of the Stomach and Bowels re-
 moved by his CARMINATIVE BALSAM.
 Please read the following letter J.

Darlington, Beaver County, Pa.
 February, 1839.

Dear Sir—I feel it due to you as the inventor
 of the medicine and to the public, who may be
 greatly benefited by it, to state a cure that was
 performed in my family, by the use of your "Car-
 minative Balsam."

My little son, when about two months old, was
 seized with a *hooping cough*, caused, as I sup-
 pose, by a change of diet. It continued for two
 weeks without intermission, and notwithstanding
 the remedies prescribed by a respectable physician,
 we gave up the child a victim, as we supposed, to
 a fatal disease, but I providentially heard of
 "Jayne's Carmative," an effectual cure for
 hooping cough, and immediately despatched a
 messenger to a town seventeen miles off for a bot-
 tle. By the use of this medicine, in less than
 thirty six hours the disease was checked; and by
 its continued use for a few days the child was
 restored to perfect health. Shortly after this,
 there occurred a similar case in one of the fami-
 lies of my congregation; I prescribed "Jayne's
 Carmative," and the result was a speedy cure.
 From a knowledge of the efficacy of your medi-
 cine in bowel complaints, a disease to which
 children are constantly liable, I have obtained and
 keep constantly in the house, a quantity of the
 "Carmative."

The same child, owing to exposure, when re-
 cently coming up the Ohio, was attacked by the
 horrible malady, CROUP. We landed in the
 night at Beaver Point, and when our fears were
 alarmed lest the hoarse, convulsive cough was the
 forerunner of death, we gave him a teaspoon full
 of the "Expectorant," (a bottle of which you pre-
 sented me with when in Philadelphia) and applied
 some liniment to the throat and breast, and be-
 fore many minutes the hoarseness was gone, the
 child breathed freely and slept sweetly. Owing
 to these circumstances it cannot be wondered at
 why I have so high an opinion of Dr. Jayne's
 medicine, and why I advise every family to keep
 it on hand ready for any emergency.

Respectfully yours,

ARTHUR B. BRADFORD,
 Pastor of the Presbyterian Church, Darlington,
 Pa.

Dr. D. JAYNE.

Lambertville, N. J., April 27th, 1839.

Dr. JAYNE.—Dear Sir.—By the blessing of God
 your INDIAN EXPECTORANT has effected a
 cure in me of a most distressing complaint. In
 December last, I was seized with great severity
 by a Paroxysm of Asthma; a disease with which
 I had been afflicted for many years past. It was
 attended with a hoarseness and soreness of the
 lungs and throat, together with a laborious cough,
 and complete prostration of strength, and when
 almost worn out with suffocation, a bottle of your
 Expectorant was sent to my house. At first I
 thought it was nothing but quackery, but seeing
 it so highly recommended by Dr. Going, with
 whom I was well acquainted, I was induced to try
 it, and in a few days it completely cured me, nor
 have I ever had any return of the disease since.
 I have now formed so high an opinion of your
 medicine, that if I had but a bottle of it, and
 could obtain no more, I would not part with them
 for ten dollars each.

Yours, most respectfully,

JOHN SEGER.
 Pastor of the Baptist Church at Lambertville.

PHILADELPHIA, June 9th, 1838.

To my personal friends.—I would say, that I
 am well acquainted with David Jayne, M. D.,
 and know him to be a respectable Physician and
 Druggist of this city—a gentleman in whom en-
 tire confidence may be placed. I have tested in
 my own case the beneficial effects of his CAR-
 MINATIVE BALSAM, and have greater confi-
 dence in it than all the other medicines of the kind.
 His EXPECTORANT is equally celebrated and
 efficacious.

IRA M. ALLEN,
 Agent of the Baptist General Tract Society.

The above valuable medicines are prepared only
 by Dr. D. Jayne, No. 20, South Third street,
 Philadelphia, where all orders will be promptly
 attended to.

Western Anti-Bilious Pills.

THESE Pills are offered to the public as a
 CATHARTIC, adapted more particularly to
 Bilious Countries, and intended to supply the
 place of Calomel which is so extensively and in-
 jureously used; especially when administered by
 unskilled hands, as it too frequently is, in now
 and then settled countries.

As this physic is quite as efficient in throwing
 off a bilious attack, being at the same time per-
 fectly safe, and altogether more proper, as a pre-
 paratory medicine, in the treatment of BIL-
 IIOUS FEVER, FEVER AND AGUE, and
 all the variety of intermittents, incident to a bil-
 ious or ague country, it will certainly be found
 preferable to all mercurial preparations; at the
 same time their operation is so mild that they
 may be used with perfect safety and
